

Features

- Bonetto design
- Capacitive glass key pad (easy to use and clean, temperate glass long lasting)
- Wide working area illuminated with LED
- Ergonomic steam knob : only 45° turn with dual position:
 - Left: knob remains open (for milk steaming)
 - Right: knob closes (for purging residual condensation)
- Hydraulic circuit: traditional “thermosymphonic system” (very reliable and known traditional system)
- Cup flexibility: up to 14.5 cm H
- Long steam wands
- Electronica temperature sensor control (steam boiler) – more accurate and stable than standard pressure switch
- Design for easy maintenance (side panels easy to remove. Only 2 screws. CPU easy to access on left side)
- Optional: cup warmer

Dimensions

Height: 563 mm
Width: 758 mm
Depth: 589 mm
Weight: 58 Kg

Power requirements

Voltage: 220 – 240V
Absorbed power: 3450W
Steam heating unit power: 3200W
Steam heating unit load capacity: 13Lt

Colour options

Black/Silver
